Happy

Someone once told me that you have to choose
What you win or lose, you can't have everything
Don't you take chances, you might feel the pain
Don't you love in vain; cuz love won't set you free

I could stand by the side
And watch this life pass me by
So unhappy, but safe as could be

So what if it hurts me
So what if I break down
So what if this world just throws me off the edge
My feet run out of ground
I gotta find my place
I wanna hear my sound
Don't care about all the pain in front of me
Cuz I'm just trying to be happy
Just wanna be happy

Holding on tightly, just can't let it go
Just trying to play my role, slowly disappear
All these days they feel like they're the same
Just different faces, different names
Get me out of here

I can't stand by the side
And watch this life pass me by
Pass me by

So what if it hurts me
So what if I break down
So what if this world just throws me off the edge
My feet run out of ground
I gotta find my place
I wanna hear my sound
Don't care about all the pain in front of me
I'm just trying to be
Happy

Oh happy

So many turns that I can't see
Like I'm a stranger on this road
But don't say victim, don't say anything

So what if it hurts me
So what if I break down
So what if this world just throws me off the edge
My feet run out of ground
I gotta find my place
I wanna hear my sound
Don't care about all the pain in front of me
I just wanna be
Happy
Happy
I just wanna be
I just wanna be
Happy
Oh happy

I Got You

A place to crash, I got you
No need to ask, I got you
Just get on the phone, I got you
Come and pick you up if I have to

What's weird about it, is we're right at the end
Ain't mad about it, just figured it out in my head
I'm proud to say, "I got you"

Go ahead and say goodbye
I'll be alright
Go ahead and make me cry
I'll be alright
And when you need a place to run to
For better for worse, I got you

Ain't falling apart or bitter
Let's be bigger than that and remember
That pulling out don't mean you're all alone
We'll both survive it
No drama no need for a show
Just wanna say "I got you"

Go ahead and say goodbye
I'll be alright
Go ahead and make me cry
I'll be alright
And when you need a place to run to
For better for worse, I got you

Go ahead and say goodbye
I'll be alright
Go ahead and make me cry
I'll be alright
And when you need a place to run to
For better for worse, I got you

Cuz this is love and life and nothing we
can both control
And if it don't feel right you're not losing
me by letting me know

Go ahead and say goodbye
I'll be alright
Go ahead and make me cry
I'll be alright
And when you need a place to run to
For better for worse
I got you

Go ahead and say goodbye
I'll be alright
Go ahead and make me cry
I'll be alright
And when you need a place to run to
For better for worse
I got you

A place to crash, I got you
No need to ask, I got you

Can't Breathe

What am I fighting?
Afraid of losing
It's like I'm not in control
I'm watching myself fall down
Thinking you won't be around
You know you got my heart unlocked
And even if I want to run
I can't go on

I don't wanna go
Got nowhere to go
I don't wanna go
I can't breathe, without you I get weak

And I can't breathe
And I can't breathe
And I can't breathe without you
near me
And I can't breathe and I can't live
without you I can't

And I can't breathe
And I can't breathe
And I can't breathe without you
near me
And I can't live and I can't live
without you I can't

Maybe I make believe
you're not different
But you got me in love
Don't want to be alone again
I cannot function without you here
My indecisions and all my fears
Get higher, higher, day by day
Higher, higher
But I can't go

I don't wanna go
Got to let it go
I don't wanna go
I get weak without you I can't breathe

And I can't breathe
And I can't breathe
And I can't breathe without you
near me and I can't live and
I can't live without you I can't

And I can't breathe
And I can't breathe
And I can't breathe without you
near me and I can't breathe and
I can't live without you I can't

Oh it's just not fair that
Oh I'm lost in your warmth
And I just can't breathe
Just can't breathe

I'm coming up, coming up for breath
Coming up, coming up for breath
Coming up, coming up for breath
Coming up, coming up for breath

And I can't breathe
And I can't breathe
And I can't breathe without you
near me and I can't breathe and
I can't live, live without you I can't

And I can't breathe
And I can't breathe
And I can't breathe without you
near me and I can't breathe and
I can't live, live without you I can't

Brave

Angels lift you off the ground
I've got shadows weighing me down
Still you believe
You believe in me
I wish I could feel that way

You can trust so easily
I can't give you all of me
Still you're holding on
When you should be gone
I wish I was that brave

You go to fight for love like a soldier
I wanna run away
You're never scared to walk through the fire
I wish I had your faith
I turn away
Knowing my heart could break
I'm so afraid to fall and surrender
I'm not brave
I'm not brave

Keep my guard up constantly
Stop this pain from piercing me
But now I don't know how
How to put it down
I wish I was that brave

You go to fight for love like a soldier
I wanna run away
You're never scared to walk through the fire
I wish I had your faith
I turn away
Knowing my heart could break
I'm so afraid to fall and surrender
I'm not brave
I'm not brave

Still you believe
You believe in me
I wish I was that brave

You go to fight for love like a soldier
I wanna run away
You're never scared to walk through the fire
I wish I had your faith
I turn away
Knowing my heart could break
I'm so afraid to fall and surrender
I'm not brave
I'm not brave
I'm not brave
I'm not brave

Outta My Head

I keep taking taking you back but I don't know why I do
You keep breaking breaking me down so
I'll find somebody new alright
I don't wanna feel I'm buried alive
And now you're begging me to see you tonight

It's funny how easy you could mess me up
Now look how easy I get you

Outta my head outta my head
Say goodbye
Somebody's gonna get you
Outta my head outta my head
And tonight
I'm doing what I want to
You made the biggest mistake
And now I'm gonna get you way
Outta my head outta my head
Say goodbye
Somebody's gonna get you

I kept taking taking the blame and it tore me up inside
So defeated losing myself, but you'll never make me cry again
Where were you when I didn't want things to end?
Now you're tasting all the pain I was in

It's funny how easy you could mess me up
Now look how easy I get you

Outta my head outta my head
Say goodbye
Somebody's gonna get you
Outta my head outta my head
And tonight
I'm doing what I want to
You made the biggest mistake
And now I'm gonna get you way
Outta my head outta my head
Say goodbye
Somebody's gonna get you

Outta of my veins and thoughts forever
And maybe I'll sleep and breathe much better
I'm finally seeing everything clearer
So watch me now
Just watch me now
Get you....

Outta my head outta my head
Say goodbye
Somebody's gonna get you
Outta my head outta my head
And tonight
I'm doing what I want to
You made the biggest mistake
And now I'm gonna get you way
Outta my head outta my head
Say goodbye
Somebody's gonna get you

My Hands

I wake in the morning
Tired of sleeping
Get in the shower

And make my bed alone
I put on my makeup
Talking to the mirror
Ready for a new day
Without you

And I walk steady on my feet

I talk my voice obeys me
I go out at night
Sleep without the lights
And I do all of the things
I have to keeping you off my mind
But when I think I'll be alright,
I am always wrong cos

My hands

Don't wanna start again

My hands

No they don't wanna understand

My hands
They just shake and try to break whatever peace I may find

My hands
They only agree to hold
Your hands
And they don't wanna be without
Your hands
And they will not let me go
No they will not let me go

I talk about you now
And go a day without crying
I go out with my friends now
I stay home all alone

I don't see you everywhere

I can say your name easily
I laugh a bit louder
Without you

And I see different shades now
And I'm almost never afraid now

But when I think I'll be okay,
I am always wrong cos

My hands
Don't wanna start again
My hands
No they don't wanna understand
My hands

They just shake and try to break whatever
peace I may find

My hands
They only agree to hold
Your hands

No they don't wanna be without
Your hands
And they will not let me go

No they will not let me go

Sometimes I wake and see them reaching out for you
Quietly breaking whatever shields
I spent so long building up
I cannot fake, cos when they cry I'm unspoken
They miss holding my baby

My hands
No they don't wanna understand
They just shake and try to break whatever peace I may find

My hands

Your hands
They don't wanna be without
Your hands
They will not let me go

No they will not let me go

My hands

Don't wanna start again

My hands

No they don't wanna understand

My hands
They just shake and try to break whatever peace I may find

My hands
Only agree to hold
Your hands
No they don't wanna be without
Your hands
And they will not let me go
No they will not let me go
No they will not let me go

Love Letter

I can't wait for the day to end
So I can finally see your face again
We'll find a way if this wish comes true tonight

Even though I never met you
I still miss you
I can feel you in my dreams
And I hope that, when you wake up
Just maybe you'll remember me

And now I believe that this is fate
Cause baby we belong together
I know everything is gonna be ok
Just as long as we have each other
Through the sunshine and through the rain
I know that it'll last forever
Just last night I stayed up late
And I wrote you a love letter
Wrote you a love letter

Tell me am I insane
I set your letter on the window pane
I thought of you as I let it fly away and it read

Even though I never met you I still miss you
I can see you in my dreams
And I hope that when you read this
Just maybe you'll remember me

And now I believe that this is fate
Cause baby we belong together
I know everything is gonna be ok
Just as long as we have each other
Through the sunshine and through the rain
I know that it'll last forever
Just last night I stayed up late
And I wrote you a love letter
Wrote you a love letter
And I know we'll always be together

Even though I never met you I still miss you
I can see you in my dreams
And I hope that when you read this
Just maybe you'll remember me

And now I believe that this is fate
Cause baby we belong together
I know everything is gonna be ok
Just as long as we have each other
Through the sunshine and through the rain
I know that it'll last forever
Just last night I stayed up late
And I wrote you a love letter
Wrote you a love letter
And I know we'll always be together

Broken

You can take away all my love
What do I need it for
You can take away all these words
There's no meaning anymore

You can take away everything
Leave me lying on the floor

All those sorrys
We can't go back to the start
You can't fix me
I'm torn apart

I wanna run away from love
This time I have had enough
Everytime I feel your touch
I'm broken
Shattered all the pieces apart
Never thought I'd fall so hard
I'm putting back together my heart
It's broken

You can take these photographs
Watch them fade away
You can throw away all these letters
I don't care about what they say

All those sorrys
Theres a million reasons why
You can't mend me
Dont even try

I wanna run away from love
This time I have had enough
Everytime I feel your touch
I'm broken
Shattered all the pieces apart
Never thought I'd fall so hard
I'm putting back together my heart
I'm broken

I know it's gonna take some time
To finaly realise
I got nothing left inside
Nothing to hide
I'm broken, I'm broken
My heart is open wide
I'm broken, I'm broken
There's nothing left inside
Oohh oohh oohh oohh oohh oohh
Save me

I wanna run away from love
This time I have had enough
Everytime I feel your touch
I'm broken
Shattered all the pieces apart
Never thought I'd fall so hard
I'm putting back together my heart
I'm broken
Save me
Save me
I'm broken

Naked

You could've left me on a Friday
Would've loved to at least have the weekend
To go under and to stay under to
To get better and to stay better

But you had to pick a Monday
Now I've gotta go to work and get
Through 5 days
And get through it, if I can do it, no I can't do it

There's a heartbreaking chill running through
My bones
Got my clothes but I can't really feel them on
Oh no what ever I do, I'm naked, I'm naked
Without you
Can't go out can't go home can't go anywhere
Covered up but I'm still watching people stare
Oh no now what can I do, I'm naked,
I'm naked without you

Trying to focus
To go unnoticed
But the harder I try to stay dry it rains
And I can't do it, no, they see through it
Yeah they see through it

There's a heartbreaking chill running through
My bones
Got my clothes but I can't really feel them on
Oh no what ever I do, I'm naked, I'm naked
Without you
Can't go out can't go home can't go anywhere
Covered up but I'm still watching people stare
Oh no now what can I do, I'm naked, I'm naked
Without you

Inside I'm, still hidin'
Outside I'm just too exposed
But I know that
I should let go
But I miss you

There's a heartbreaking chill running through
My bones
Got my clothes but I can't really feel them on
Oh no what ever I do, I'm naked,
I'm naked without you
Can't go out can't go home can't go anywhere
Covered up but I'm still watching people stare
Oh no now what can I do, I'm naked,
I'm naked without you

Stop Crying Your Heart Out

Hold up
Hold on
Don't be scared
You'll never change what's been and gone
May your smile
Shine on
Don't be scared
Your destiny may keep you warm

'Cause all of the stars
Have faded away
Just try not to worry
You'll see them someday
Take what you need
And be on your way and
Stop crying your heart out

'Cause all of the stars
Have faded away
Just try not to worry
You'll never change what's been and gone

'Cause all of the stars
Have faded away
Just try not to worry
You'll see them some day
Take what you need
And be on your way and
Stop crying your heart out

'Cause all of the stars
Have faded away
Just try not to worry
You'll see them someday
Just take what you need
And be on your way and
Stop crying your heart out
We're all of the stars
We're fading away
Just try not to worry
You'll see us someday
Just take what you need
And be on your way and
Stop crying your heart out
Stop crying your heart out
Stop crying your heart out
Stop crying your heart out

Don't Let Me Down

Fork in the road
Looking both ways
I don't know which way to go
And what do I count on?
Do I take the road less travelled?
Or the one I already know?

And no I'm not travelling alone
I got my heart in my hand
And you can bet I'm holding it close

I don't wanna climb
Don't wanna fall
Don't know where to start it all
I can start by taking it slow

'Cause I need a hero
I got a mirror
Looking inside of my soul
If I need a hero
I get my mirror
And I go on with the show

I got my ear to the ground
That's the sound of my train comin' 'round
This is a chance for us to be heard loud
It's you and me
And it's our time now
Don't let me down

Don't you let me down
Promise you won't let me down
Don't you let me down
Promise you won't let me down

You've been running so alone
I see you (I see you)
You told me we could change the world
And I believe it's true

There's nothing now to hold us down
I found my pains
And the sound of your heart led the way

I got my ear to the ground
That's the sound of my train comin' 'round
This is a chance for us to be heard loud
It's you and me
And it's our time now
Don't let me down!

Trying to hide but it's obvious you're a survivor
Believer
Don't let me travel it alone
That look in your eyes
Puts fire in the heart of the cold
I got a marathon to try again
I'm not even tryin' to win
I'm just glad I'm not alone

'Cause I need a hero
I got a mirror
Looking inside of my soul
If I need a hero
I get my mirror
And I go on with the show

I got my ear to the ground
That's the sound of my train comin' 'round
This is a chance for us to be heard loud
It's you and me
And it's our time now
Don't let me down

Don't you let me down
Promise you won't let me down
Don't you let me down
Promise you won't let me down

You've been running so alone
I see you (I see you)
You told me we could change the world
And I believe it's true

There's nothing now to hold us down
I found my pains
And the sound of your heart led the way

I got my ear to the ground
That's the sound of my train comin' 'round
This is a chance for us to be heard loud
It's you and me
And it's our time now
Don't let me down!

People!
This is what you're living your life for
Fighter
That's your name (that's your name)

Don't you let me down (don't let me down)
Promise you won't let me down
(don't let me down now)
Don't you let me down (don't let me down)
Promise you won't let me down
(don't let me down now)

Don't let me down
Don't let me down now

Alive

I breathe, I hear, but I don't believe it
My heart, it beats, but inside I'm freezing
My hands, they shake, I've lost all the feeling
No air to take, you say that you're leaving
And there's no turning back this time
Gotta stay alive

Where do I go when I'm so alone?
Where do I turn when we were so close?
We try not to crash but we still collide
Tears I've cried, I'll survive, I'm alive

I'm stripped, I'm bare, I'm left here with nothing
I hold the wheel, don't know where I'm going
Your face, I see, in every reflection
No time, no space, I've lost all direction
And there's no turning back this time
Gotta stay alive

Where do I go when I'm so alone?
Where do I turn when we were so close?
We try not to crash but we still collide
Tears I've cried, I'll survive, I'm alive

I'm gonna get there some way
Through the tears and the rain
And any road I can take just to get me someplace
Where all the scars on my heart
And all the lies in the dark
Disappear in the headlights
So bright, tonight, gonna drive them away

Where do I go when I'm so alone?
Where do I turn when we were so close?
We try not to crash but we still collide
Tears I've cried, I'll survive, I'm alive

Lost Then Found

I'm staring at tears on the pages
Of letters that I never could write
And I know love isn't painless
But it's worth the risk, it's worth the fight
I'm playing it over and over
I wish that I could turn back time
Maybe we're wrong but we could be right

Why do we say things we can't take back?
And why do we miss what we never had?
Both of us fell to the ground
And love was so lost it couldn't be found
What would it take to forget who's blamed?
I'm tired of crying at the sound of your name
Why don't we turn this around?
Love ain't the enemy
Don't you wanna be lost then found
Lost then found
Lost then found
Love ain't the enemy
We could be lost then found

Empty glasses and tables
Echoes fill these rooms
The memories go where we go
They're like the suitcase that you never lose
If the good Lord's eye is upon me
I swear to make things right
Whatever we lost I know we can find
Why do we say things we can't take back?
And why do we miss what we never had?
Both of us fell to the ground
And love was so lost it couldn't be found
What would it take to forget who's blamed?
I'm tired of crying at the sound of your name
Why don't we turn this around?
Love ain't the enemy
Don't you wanna be lost then found,
lost then found, lost then found
Love ain't the enemy
We could be lost then found
The words come pouring out
Can't stop the rain
Wish that you could take it back
But it's too late it's too late

Why do we say things we can't
take back?
And why do we miss what we
never had?
Both of us fell to the ground
And love was so lost it couldn't
be found
What would it take to forget
who's blamed?
I'm tired of crying at the sound
of your name
Why don't we turn this around?
Love ain't the enemy
Don't you wanna be
lost then found
Lost then found
Lost then found
Love ain't the enemy
We could be lost then found

The words come pouring out
Can't stop the rain
Wish you could take it back
But it's too late it's too late
We could be lost then found
